

Abstract of Book

Yogyakarta: LKis Publisher, July 2004
By Christina Siwi Handayani and Ardhian Novianto

This book contains the result of the study that was conducted in 2002-2003 among the

values. Fair is not always equal. It happens because of the functional difference and needs to be formulated accurately. The empowerment that is conducted by the misunderstanding of culture (in this case Javanese culture) is exactly worthless. Third, the empowerment of Javanese women, when needed, should refer to the feminine aspect itself.
